

PR / Copywriter (with a focus on legal)

noyb.eu is a non profit organization working on enforcement actions under GDPR. For this task we built a pan-European team to work on strategic litigation to ensure that GDPR is respected in practice. We focus on strategic, innovative and effective enforcement of wilful privacy violations of major players. This area is especially challenging when it comes to public relations. We need to square legal and technical accuracy, with easy to understand publications – in a multilingual environment. So far our existing PR person is working together with our legal team, as well as national institutions in the consumer, privacy and tech sector - and hopefully with you!
