

JOIN OUR LEGAL TEAM!

On 25 May 2018, a new chapter in EU data protection law came into effect, but compliance and enforcement . As foreseen by Article 80 GDPR, *noyb* brings the GDPR to life by actively enforcing the law in cases of wilful violations.

We are always looking to add talent to our pan-European team to work on strategic litigation. This includes issuing informal warnings, lodging complaints with DPAs, and initiating civil law suits and collective actions. We offer a unique opportunity to shape the future of privacy - hopefully together with you!

Max Schrems (*Chairperson*)

ABOUT NOYB

noyb is a European NGO focused on strategic, innovative, and effective enforcement of wilful privacy violations by private actors across the European market. We work together with national institutions in the consumer, privacy, and tech sectors. Our admin, tech and legal team consists of about 20 team members from across Europe. More than 5,000 *noyb* supporting members and institutional supporters ensure a long-term and stable environment.

CITY OF VIENNA

Vienna (pop. 2m) is not only located in the centre of Europe and known as a cultural and historical hotspot, but it is also continuously rated the most liveable city in the world. As the headquarters of many international organizations (like the UN, OSCE, FRA and OPEC) are located here, Vienna also offers a vibrant and international atmosphere. We are especially proud that the City of Vienna has supported *noyb* as a supporting member from our first day.
