

SOFTWARE DEVELOPER

On 25 May 2018 a new chapter in EU data protection law came into effect. *noyb* is starting enforcement actions under GDPR, as foreseen by Article 80 GDPR. For this task we are currently building a pan-European team, that will work on strategic litigation to ensure that GDPR is respected in practice. We will focus on strategic, innovative and effective enforcement of wilful privacy violations of major players. *noyb* is based in Vienna, but will focus on privacy violations of private actors across the European common market. We work together with national institutions in the consumer, privacy and tech sector - and hopefully with you!

Max Schrems
(Chairperson)

What we offer:

- A position for software development (focus on “legal tech”)
- A unique opportunity to help shape the right to privacy
- Quick and inclusive decision making processes
- Modern and flexible working conditions

Key tasks:

- (Further) front and backend development of existing and new web-based systems (e.g. member administration, apps for group actions, automated legal systems)
- Maintenance of small existing infrastructure (sysadmin)
- All systems so far use python / flask

Minimal requirements:

- Relevant tech degrees
- Experience in developing software on your own
- Fluent in English (internal working language)
- No relevant conflicts of interest
- Good self-organizing and time management skills
- Given our unique position, we aim to surpass standard security and privacy approaches. Willingness to go the extra mile and come up with novel and practical approaches to these issues is essential for us

Additional skills that would be helpful:

- In the long term, we aim for a tech person, that can also help in our mission to uncover privacy violations
- Skills in reverse engineering and software testing that allow testing software products for privacy violations
 - Embedded in tech community to facilitate a steady exchange of information

Diversity

- We are aiming to build a diverse (e.g. age, geography, gender, languages, etc.) and truly pan-European team

Key Details:

- Options: Independent contractor / Internal employee
- Workplace: Our office is in Vienna, Austria
- In the case of a standard employment contract:
 - * Full-time (40h/week) or part-time (min. 10h/week)
 - * Tenure limited to initial project time
 - * Minimum* gross salary: € 45.000 p.A. at 40h
 - * Free Public Transport
 - * Moving Assistance

*Please note: Austrian employment law requires to publish a minimum wage. Considerably higher salaries are possible, depending on qualifications.

Background Information:
